

ORDINANCE NO. 2016-3809

AN ORDINANCE AMENDING CHAPTER 921 STREETS AND PUBLIC SERVICES CODE SECTION 921.08 INDUSTRIAL WASTES; RATES FOR THE CITY OF FREMONT, AND DECLARING AN EMERGENCY.

WHEREAS, The City desires to amend Chapter 921 Streets and Public Services Code Section 921.08 Industrial Wastes; Rates, and

WHEREAS, the amendment proposed is described herein:

Section 921.08 which currently reads as follows:

Industrial Wastes; Rates.

(a) For any lot, parcel of land, building or premises having or proposing to have any connection with the City sanitary sewerage system or otherwise proposing to discharge industrial wastes, either directly or indirectly, into the City sanitary sewerage system, a written permit must first be duly issued by the Safety Service Director. Such written permit shall be granted after a determination is made that no injurious acids, alkalis, toxic substances, oils and greases, ammonia or dissolved gases are contained in the wastes which may injure the sanitary sewerage system, its appurtenances or parts thereof, or may hinder the treatment and purification of sewage. Where the industrial wastes contain such injurious materials or have a biochemical oxygen demand (BOD) in excess of 200 parts per million or suspended solids (SS) in excess of 325 parts per million, as determined by an analysis of composite samples, satisfactory pretreatment may be required. For wastes exceeding the amounts given above, the basic rate set forth in Section 921.03 shall be modified by the following multiplying factor:

$$F = \frac{7.32SS + 6 BOD + 6336}{9750}$$

Where SS is parts per million of suspended solids and BOD is parts per million of biochemical oxygen demand. No adjustment shall be required for F when it is less than 1.05.

(Ord. 87-2505. Passed 11-5-87)

(b) Where industrial wastes contain ammonia in excess of 50 milligrams per liter, a surcharge of \$.08 per pound of ammonia shall be levied. The determination of pounds shall be calculated in the following manner:

$$MGD \times 8.34 \times \text{mg/l ammonia minus } 50 = \text{lbs. of ammonia to be surcharged}$$

Where:

- MGD = millions gallons per day
- Mg/l = milligrams per liter
- lbs. = pounds
- (Ord. 92-2738. Passed 1-16-92)

Section 921.08 Shall hereby be Amended to read as follows:

Industrial Wastes; Rates.

(a) For any lot, parcel of land, building or premises having or proposing to have any connection with the City sanitary sewerage system or otherwise proposing to discharge industrial wastes, either directly or indirectly, into the City sanitary sewerage system, a written permit must first be duly issued by the Safety Service Director. Such written permit shall be granted after a determination is made that no injurious acids, alkalies, toxic substances, oils and greases, ammonia or dissolved gases are contained in the wastes which may injure the sanitary sewerage system, its appurtenances or parts thereof, or may hinder the treatment and purification of sewage. Where the industrial wastes contain such injurious materials or have a biochemical oxygen demand (BOD) in excess of 200 parts per million or suspended solids (SS) in excess of 325 parts per million, as determined by an analysis of composite samples, satisfactory pretreatment may be required. Where industrial wastes contain BOD in excess of 200 milligrams per liter and SS in excess of 325 milligrams per liter, a surcharge shall be levied using the following formula:

$$\text{Surcharge (\$/month)} = (\$9.30 \times \text{lbs BOD}) + (\$1.10 \times \text{lbs SS})$$

The determination of pounds shall be calculated in the following manner:

$$\text{Average Monthly Flow in MGD} \times 8.34 \times \text{monthly flow weighted average BOD (mg/l)} = \text{lbs of BOD}$$

$$\text{Average Monthly Flow in MGD} \times 8.34 \times \text{monthly flow weighted average SS (mg/l)} = \text{lbs of SS}$$

Where:

- MGD = millions gallons per day
- Mg/l = milligrams per liter
- lbs. = pounds

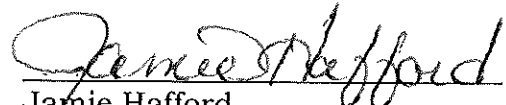

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF FREMONT, STATE OF OHIO:

SECTION 1. That Chapter 921 the Streets and Public Services Code is hereby amended to reflect the change to Section 921.08.

SECTION 2. It is hereby found and determined that all formal actions of this Council concerning and relating to the passage of this ordinance were adopted in an open meeting of this Council, and that all deliberations of this Council and any of its committees that resulted in such formal action were in meetings open to the public in compliance with all legal requirements, including Section 121.22 of the Revised Code of Ohio.

SECTION 3. The immediate operation of the provisions of this ordinance is necessary for the immediate preservation of the public peace, health, safety and welfare of the citizens of the City of Fremont. Said emergency being the immediate need to pass the amendment in an expeditious manner.

This ordinance, provided it receives a two-thirds yea or nay vote of all the members elected to the Fremont City Council, is hereby declared to be an emergency measure and this ordinance shall be in full force and effect from and after its passage by the Council of the City of Fremont, approval by the Mayor, and publication and posting as required by law.

Jamie Hafford
President of Council
